Developmental Psychology Leman

Career Research. Leman has published many papers in developmental and social psychology, often from an experimental perspective, across areas including communication, gender, ethnicity and race, decision-making and learning applied to child development. His early work on peer conversation with Gerard Duveen developed new methods for understanding children's co-construction of knowledge that ...

Professor Patrick Leman is Dean of Education at the IoPPN and Senior Fellow of the Higher Education Academy. He leads all aspects of teaching, learning and student experience. Patrick's research explores the links between children's social development, social identities, relationships and education.

Professor Patrick Leman - King's College London

The Principles of Developmental Psychology 1 LEARNING AIMS At the end of this chapter you

should:

- be able to articulate the principles of a life-span developmental approach
- be able to explain the different meanings of development
- be familiar with and able to describe the key issues in the study of child development

The Principles of 1 Developmental Psychology

Developmental Psychology: From infancy to adulthood, 3rd edition, continues to bring together a balanced focus on Australian and international research contributions in developmental psychology. Students and lecturers alike will find this text addresses the issues of lifespan development in a rigorous and challenging way using a thematic rather than chronological approach.
