...

Students with special and exceptional needs are placed in inclusive learning environments more frequently than in the past. For general educators with a limited special education background, this can often be anxiety provoking and stressful. Here are five strategies that have been successful for working with students in the inclusive classroom.

Effective Inclusive Schools Designing Successful Schoolwide Programs

The journey to becoming an Inclusive School may be long and challenging at times, but ultimately this journey can strengthen a school community and benefit ALL children. "Inclusion" does not simply mean the placement of students with disabilities in general education classes. This process must incorporate fundamental change in the way a school community supports and addresses the individual ...
