Forces for Change: In practice, numerous factors affect an organisation and most of these are continuously changing. These forces leading to or causing change originate both within or outside the organisation, as shown in Fig.15.1. External change forces: External forces for change derive from the organisation's general and task environments.

Organizational Change: Nature, Process and Types | Management
In the show's final episode, Earl inadvertently causes the extinction of all dinosaurs, when at the prodding of Richfield and the WESAYSO Corporation, he poisons all plant life. In an effort to bring the plants back, he blocks the sun from the planet, sending global temperatures below freezing. Earl realizes his mistake of putting too much faith in progress and not having enough respect for ...
