The Starrett 196 series universal dial indicator has a 0 to 0.2" measuring range with 0.001" graduations for precise measurement of the rise or drop in a work piece. It has a 0 to 100 counter with one revolution equivalent to 0.1", and the white-face dial has a scratch-resistant crystal face for ease of reading.

Starrett 196 Series Universal Dial Indicator, Back Plunger ...

Like I said I have that Starrett 196, and feel it is one of those Starrett tools along with my set of 1-32" inside tube mics really decorates the inside of my toolbox, and makes me feel good but I really have yet to use much. I merely got the 196 as it was free, and the tube mics as they were a \$500 tool in like new condition for \$35.

The markings on the top of the box are gone/worn off as seen in the pics. Free insured shipping! Please email me with any questions. Thanks for looking!

Indicators - Vintage Starrett 196

I recently bought a used level (I presume it is the Model 199 as the base is completely flat, with no groove for round work as my .005"/foot Starrett has). The bottom of the level looks very nice (actually, the whole thing does, though the box isn't in very good shape) and I can't feel any burrs/bumps along the edges.

How do I adjust my Starrett Master Precision Level?
