You've probably heard the advice to drink eight glasses of water a day. That's easy to remember, and it's a reasonable goal. Most healthy people can stay hydrated by drinking water and other fluids whenever they feel thirsty. For some people, fewer than eight glasses a day might be enough. But other people might need more.

### Water: How much should you drink every day? - Mayo Clinic

Ask most teachers and you'll probably hear the same insight. Part of the reason is the cycle of interaction that happens between teachers, students and parents. Parents rely on grades to communicate their child's progress (more on this in a bit). Students feel pressured to get "good" grades and work hard. Teacher assesses work and assigns a grade.
